

PHASEONE Certified Professional Training Program

offered by

Digital Fusion and Phase One

Program Overview

This program is designed to teach assistants, photographers and educators the skills they need to get the most out of their Phase One equipment and Capture One software. Phase One will also create an online database that photographers can use to locate certified digital techs with advanced Capture One and troubleshooting knowledge. Before you commit, please read and ask questions. This program is targeted for people who are already digital techs or have experience assisting and have a working knowledge of Capture One 6(5) Pro.

Certification Process

The certification process is based on 2 steps:

1. Qualification. Signup for Capture-U and pass the required online tests. There is a 1 year, \$150 subscription fee for Capture-U. See “Costs” for pricing. Phase One will have access to the status and scores of anyone who signs up for Capture-U for the purposes of qualification. For more information on Capture U or go to www.capture-u.com **Phase One requires you to complete and pass Capture U before taking the 2 day live training portion.**

2. Live training. Attend an official Phase One Certification Training course and pass the certification test at the end. This two day class will be held in Los Angeles.

Why Digital Fusion

Digital Fusion is the only Phase One partner that offers digital tech services as part of our business in this program. We will be part of the training process, bringing you our own expertise and knowledge from years of working in the Los Angeles market. On staff is Chris Benes former Phase One Area Manger for who brings 19 years of experience to Digital Fusion. DigitalFusion has been providing the photographic industry the highest quality Digital Tech services, including computer and camera equipment. We use Phase One digital backs and Capture One software in a fast paced production environment. DigitalFusion will also being giving presentation on what is takes to be a digital tech, earning potential, billing information and much more as part of this class.

At the beginning of the two day class - Phase One will supply you with a license for Capture One 6 Pro.
A \$399.00 value.

Cost and Class Size

Class size will be limited to 15 people. We require you to bring your laptop. Phase One will provide lunch each day.

Cost for Capture U is \$149.00
Cost for Phase One two day course is \$399.00

We offer a bundled price of \$525.00

Materials

You will have access to the PowerPoint presentation and sample files. In addition you will receive a Special digital tech edition troubleshooting and reference guide.

We will be using the Phase One 645 DF Camera system with P40+'s.

When and Where

Our next class is scheduled for Mid-May and September, 2011.

5th and Sunset Studios

12322 Exposition Blvd.

West Los Angeles, Ca 90064

9:00 AM to 5:00PM

1-310-979-0212

Contact Chris Benes 310-253-9008 ext 154 or chrisbenes@digitalfusion.net for registration.

When is the next class and what's my next step?

The next two day class after the May class will be held in September, 2011. Dates TBD.

The course is a two step process starting with completion and testing through Capture U.

The cost of the Phase One class is \$399.00 and the Cost of the Capture U 1 year subscription license is \$150.00. DF bundles the two for \$525.00. For the Spring class DF will take a \$125.00 deposit and that will get you the license for Capture U and hold a place for you in the next class until 30 days before the two days class. We bill the remaining amount the week of the class.*** Within 30 days we bill the entire amount. Phase One and DigitalFusion will be able to review your progress through Capture U and we will contact you with updates and reminders and to confirm your spot in the two day class.

To get Phase One Certified and secure your place!

**** You can postpone your two days class. If you bought your Capture U license before the 30 day time period and re-schedule, we will bill the remaining amount 30 days before the next class.*

About Capture U and the testing procedure.

Passing Capture U is based on your cumulative scores on all tests. So it's not the end of the world if you have one bad day. If by small chance that you don't pass you can have the course reset for \$100.00

About the Certification Test

If by small chance you do not pass the test at the end of the Certification class, you can retake the test at DigitalFusion. A Phase One representative come to DF to supervise and retest you. Cost is \$100.00.

To earn your certificate you must pass both Capture U tests and the test at the end of the certification class.
