

Large Format Giclee Printing (Epson and HP)

1 Direct-to-Print	2 Custom	3 Premiere Gallery
Prints are made without any image adjustment. Files are printed "as-is."	A Custom print order includes basic adjustments and up to two (2) free test prints.	Premiere Gallery printing is a session billed hourly, including color adjustments and moderate retouching, up to five (5) free test prints and a strip test.

Photographic Paper Prices

Resin Coated inkjet papers that are similar to traditional photographic C-prints in appearance and texture. These papers include glossy, semi-matte, luster, and satin surfaces. These papers are great for all kinds of imagery and are extremely dynamic. They look beautiful whether framed, mounted or in a portfolio. Photographic Papers with Resin Coating are also able to be face mounted to Plexi-glass, which can be a wonderful option for gallery or home displays.

Fine Art Paper Prices

Matte watercolor papers. Fine Art Papers have a wide variety of surface textures, white points, and thickness. These papers can be a great option for a gallery show or a gift print. They are also an extremely popular solution for a high end portfolio. These papers cannot be face mounted but they are beautiful when back mounted or framed.

Direct-to-Print

Prints are made without any image adjustment. Files are printed "as-is." Must meet the following requirements:

- Must be "sized," cropped with all borders included. Print must be formatted to exactly how client would like it to be printed.
- Must have a resolution of at least 220 DPI.
- File must be a full resolution JPEG, or FLATTENED TIFF. No Alpha channels, no paths, must be 8-bit.
- Image must be tagged with an RGB color profile. Preferred profiles are Adobe 1998 and sRGB.

Clients must pay in advance for Direct Printing orders. Turn-around time is 3 days.

Custom

A custom print order includes color/contrast adjustment and border additions. Up to two (2) free 8" long dimension test prints on the paper of choice will be included. Standard turn-around is 24 hours per test print plus 24 hours for final prints. You may request an in-person printing session.

Client may request light retouching (dust & scratches, sharpening and localized dodging/burning) at Custom Printing rates of \$80/hr. Any heavy retouching (beauty, compositing, etc.) will be charged at our standard retouching rates of \$150/hr. available in quarter hour increments. All retouching may extend turn-around time.

Prints ordered or printed during a retouching session will be charged at Custom Print rates. Client files from DF on disc (or archived in DF Studio) can be used in the future for Direct Printing orders.

Premiere Gallery

A premiere gallery printing session is the ultimate in fine art printmaking. Your session will include color/contrast adjustment and border additions; up to five (5) free 8" long dimension; a full-resolution strip test on the paper of choice will also be included. All work is completed during your in-person printing session, which is billed at the Custom Printing rates of \$80/hr.

Dust & scratch removal, localized dodging/burning and color correction are all provided by a printing technician with your guidance while you wait. Any heavy retouching (beauty, compositing, etc.) will be charged at our standard retouching rates of \$150/hr. available in quarter hour increments. Extensive retouching may extend beyond your session time.

Client files from DF on disc (or archived in DF Studio) can be used in the future for Direct Printing orders.
